Commissioner for Patents

The communication from applicant on November 10, 2008 is non-responsive. The amendment addresses the rejection under 35 U.S.C. 112, first paragraph written description numbered as item 5 in the office action mailed on July 9, 2008 (over claims 48-50,55-56, 59-68, 70-71 and 73-75, however, did not address the rejection under 35 U.S.C. 112, first paragraph written description (pertaining to new matter) over claims 71-72 (listed as item 6 in the office action mailed on July 9, 2008). It is noted also that although the objection of the specification was mentioned in the remarks on page 5, the objection was not addressed and no amendments were made to the specification to remove this objection. As a full response was not received the amendment will not be entered. Thus applicant's arguments are not persuasive. As previously stated, the amendment filed on September 7, 2007 is non-compliant.
